It's a win-win for everyone!

Commendable Commutes

Join Us!

You really can make a difference.

Pleasanton has an extremely successful trip reduction program, with incredible support from the business community.

Less traffic congestion and better air quality contributes to the attraction and retention of employees and customers, and are important for businesses which depend on freeway transport of goods.

If you are interested in having your company become part of our growing program, or would like more information, please call Lisa Adamos, Economic Development Specialist with the City of Pleasanton at (925)931-5039.

Funds for this program are provided by the Bay Area Air Quality Management District's Transportation Fund for Clean Air in cooperation with the City of Pleasanton.
